

**The International Symposium on Sustainable Healthcare
Innovation for Future Society**
February 1 – 4, 2023 at Northern Science Park,
Chiang Mai, THAILAND

[7 December 2022]

Dear Delegates,

**INVITATION TO ATTEND THE INTERNATIONAL SYMPOSIUM ON
SUSTAINABLE HEALTHCARE INNOVATION FOR FUTURE SOCIETY**

Dear Delegates,

Chiang Mai University, Thailand, and Korea Advanced Institute of Science & Technology (KAIST), South Korea will jointly organize the “Sustainable Healthcare Innovation for Future Society” symposium. The event is planned to be held at Northern Science Park, Chiang Mai, Thailand, on **February 1-4, 2023**. The 4-day symposium aims to bring together researchers and industry partners interested in exploring new innovation and its applications in bio and healthcare areas. The major topics are new technology and innovation for bio and healthcare applications to drive a sustainable future.

On behalf of the international symposium organizing committee, we would like to invite the honor of having you as participant. We strongly believe that your participation would be very valuable for advance of innovation and technology in bio and healthcare areas.

Sincerely yours,

Assoc. Prof. Komgrit Leksakul
Chairman of the International Symposium
on Sustainable Healthcare Innovation for Future Society
Chiang Mai University, THAILAND
